“ I am very sorry to hear about the passing of your mom. I remember when the Daltons first moved next door to us in Monticello. I remember Dawn's blue nova, that was a pretty sporty car for the time. I think even though she was a mother of 4, that sporty car was a notion of the fun person I remember her being.

Those were good formative years for all of us and we shared the fun of being next-door neighbors. I wish I could visit with all 4 of you. But, know that those memories are still thought of even though the years and miles have increased substantially. I can still see you all as you were Doris about 10, Debbie about 9, Chuck about 7, and Doug about 3 and having snowball fights and laughing or playing pool and listening to KISS 8-track tapes. I remember shooting my Ben Pearson bow in my back yard after your dad sold it in a garage sale to me.

I told my mom and she was saddened by your loss as well. Take care and if you're ever in Monticello again look me up.

“ Dawn not only loved her family, but loved and helped everyone around her! We became friends through playing cards in Texas, and I will forever be grateful for knowing her!

Dawn served God by helping others around her with her wonderful smile and wit! She will live on in our hearts, and may all feel blessed by knowing her. We have all been touched by an Angel ,by knowing Dawn. For this, may her family be at peace!

“ There is an Eskimo proverb that reads: "Perhaps they are not stars, but rather openings in heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy."

I only knew Dawn a short time and we met playing mahj...and also sang along to the songs of Crosby, Stills, Nash and Young tribute band concert last summer at the Old Town plaza in Lewisville. Next win I have at mahj I will dedicate to her, that's how I'll remember Dawn, as her t-shirt read: I work for food, live for mahjohngg!

I hope your happier memories help you during this tough time - Perri Brackett

“ Dawn you will so very missed!

She loved her family, mahjong and just about everyone she met. I loved that she could rarely talk with you without touching your arm or hand showing such a kindness. She would also stand about a foot to close in my personal space to tell me something she was excited about but I loved her for it, I will truly miss our friendship.

My thoughts and prayers for her family, she adored all of you. I am so sorry to miss her service on Thursday however, I will be there in prayer.

“ So sorry for your loss. I knew Dawn from Senior in Motion. I met her when I first moved here to Flower Mound. We met at the building on Morris and Cross Timbers which is now where they are building the new Town Hall. We went on several day trips and also I loved to purchase Avon from Dawn. I learned how to play Mahjong. She will be missed very much. Enjoyed talking to her. My sincere condolences to you all.

“ She and I became friends shortly after she arrived in Texas. We met in the CAC pool doing the water aerobics she enjoyed. We also enjoyed many concerts in the park. She will be missed.

“ Stunned to hear last night of your devastating loss Before I went to sleep, I suddenly got this "picture" of her playing with that dog, Valentine, that you had when you kids were little. Don't know what that meant but she would probably just tell me I'm nuts! Love to all of you from Fred and I. So many great memories!

“ I was so shocked to hear of Dawn's passing. She was a great friend going back to Oral Surgery and Les's. I will miss playing Words with friends, I still felt connected through the years after Dawn left Illinois. Prayers to Doris, Debbie, Chuck, and Doug.

“ I met Dawn in Champaign. She was in my water aerobics class. I recruited her to teach a class for me. I am glad she stayed involved and continued teaching.

Dawn was quite a character. She also joined our bridge group. She was not a quiet player. She had words for her cards at times. It was a lot more fun when she was playing. I know she will be very missed.

“ I am devastated to hear of Kathleens passing.. Even though I never had the good fortune of meeting her in person, we were constant Words With Friends buddies on Facebook. She had to have been a wonderful person, We always expressed good greetings and wishes for every holiday, birthday and any other day that seemed significant in any way. We on occasion discussed our families, our jobs, our health in general at the time. I will surely miss her as if I had met her in person. I just can't believe I will no longer hear from her. My birthday is in two days and I know her greeting would have been the first of the day. I feel like she loved conversing and playing Words with me also. Yes, I will truly miss that very good friend.
