“ I met Lauren when she was a little girl. Granny Barbara was a dear friend of mine and she brought her to Elvis show. Then years later at the hospital when Granny Barbara was in her last days. Beautiful girl she will be missed. But I know she and Barbara are having a grand reunion in Heaven. Prayers to her family. May God give you peace at this time.

“ I met Lauren when she joined Project SEARCH last school year. I had the pleasure of watching her grow in confidence as she learned job skills at the City of Lewisville in her internships. She had a sweet smile and a little giggle that made me smile. We were so proud of her when she started working at City Vet. She loved her job and was so excited when she got her drivers license. I can still her saying “I'm doing good, right Miss Dale?” Yes, Lauren you were doing good...you always did...miss you sweet girl. God bless you.

“ This is Landon Miller. Lauren and I dated my freshman year in high school at Marcus I took her to the ROTC ball that year. I remember all the silly times that I had with Lauren and I All the silly faces she would always make at me , I especially remember her pinching me whenever she thought I was doing something wrong. She knew how to keep me on the right track. Or at least she really tried to! She was very sweet and

kind and I am really sad to hear of her passing. She will be missed greatly. My heart and prayers go out to her family.

“ Lauren was a friend and classmate of mine at Marcus. We got to know each other in aquatic science class. She was one of the first people I met at the beginning of the semester. Lauren was always so kind and giving. We talked occasionally after high school ended and I was always happy to hear from her. I talked to her quite recently and she was full of enthusiasm about getting her driver's license. I will miss Lauren and forever cherish the time I had with her.

“ Lauren was one of the sweetest souls I ever had the opportunity to meet. From my very first day at work, she always had a smile on her face that felt designed to make me smile too. Lauren was the best at reading my mood, and I will forever miss her sweet question of "are you doing okay?" every time I came into work. I miss her laughing at mischievous dogs or at me losing my train of thought mid-sentence. I miss watching her grow and learn every single day. I miss our texts and helping her pick out new purses and hair colors and nails. I miss you, Lauren, and I love you.

“ I remember having class with Lauren. People were always so mean to her. I know it was a while ago and I don't remember much I do remember I never talked to her the way most people in the high school did. Lauren was so strong I remember being her partner for a class project and her being so much smarter than she even though. I wish I could go back in time just to say hello one more time RIP Lauren she was a sweet soul

“ I can remember every time I went over to Lauren's house we'd always do our makeup. That was the very first thing we did together. We loved to experiment and watch makeup vlogs as we did our makeup. Sometimes we even ate pizza rolls while we were getting ready too. Those memories I will cherish forever and I will miss her so much.

“ I fell in love with Lauren the first day she walked in. She was so warm and welcoming. Her shy personality slowly broke the more and more we talked. She was a makeup lover, people pleaser and the kindness soul I have ever come in contact with. She made me realize the small things to appreciate. I can still hear her little giggle every time I think of her. One of our last moments together we spent at Ulta. Which I think is perfect because that’s something we bonded on! I’ll always cherish the times we had. Thank you for coming into my life. I’ll see you again one day, babe. I love you.

“ Lauren, you always had a smile on your face. You’re laughter was so contagious to us all. Words do not describe how lost we all feel without you. You were like a sister. We will always love and miss you. I hope you are at peace.

“ Lauren and I were best friends the very second I walked in the door to CityVet. She always had a big smile on her face & never failed to make me laugh even on my worst days. I will miss that smile, a lot- but she will always have a special place in my heart.

Madison Cato - October 17 at 09:49 PM

“ Me and Lauren spent a lot of time together considering we shared a love for the clinic dog, Bug. Not only did we bond over getting Bug to “dance” and taking her for photo shoots outside, we also pretty frequently had lunch at Subway together. I was really excited to hear that she had finally gotten her license and everything that had

entailed. To say that I am going to miss her is an understatement. She was one of my favorite faces at CityVet and I will never forget how she touched my life.

Eden Welch - October 17 at 09:29 PM

“ Lauren loved her some Starbucks. Almost everyday she worked she would ask every member of the team, if we wanted Starbucks. On her breaks she would walk across the parking lot and pick up everyone’s orders. If I wasn’t at my desk she would send me a text, “Ms Ann going to Starbucks. Want me to get you anything?” Those text will be greatly missed. Her compassion for her team and the four legged babies she helped care for will never be forgotten. That bright smile when she knew she did good or when you complimented her good job could light up the room. We miss you sweet Lauren but in our hearts you will be forever.

Amber Troxtell - October 19 at 07:27 PM

“ I had the wonderful privilege of meeting and getting to know Lauren while she worked here at the City of Lewisville on the second floor with us. She was a shy, sweet but a talkative young lady once she was given the opportunity to have a conversation with me. I loved our talks as she grew confident to come talk to me. I will forever be grateful and feel blessed for having been just a small part of this young ladies life. Rest in Peace sweet Lauren.
